My advice perhaps tonight if there's more

I do like that they are leaning on you!!

I do think it should happen

I will check to see what has been shared with PMO

They are on this call

Ok

So everything but I think they want the convene Info and brief

K

We shall see if we need to convene tmr

Good call will see what I can glean on PM tonight tmr . Sam is inclined for tmr to catch any overnight
